

<p><u>25th EU PVSEC/WCPEC-5</u> 25th European Photovoltaic Solar Energy Conference and Exhibition / 5th World Conference on Photovoltaic Energy Conversion 6-10 September 2010 Valencia, Spain</p>	<p>Organised by WIP, supported by EPIA, the 25th European Photovoltaic Solar Energy Conference and Exhibition is the worldwide truly largest and unique B2B2S event (business to business to science). The “who’s who” of the PV Solar branch will meet to discuss the latest developments in science and industry.</p>	<p>4,500 delegates 1,000 exhibitors 40,000 visitors</p>	<p>PV Industry, researchers, policy makers, EU, international and national institutional representatives and related stakeholders</p>
<p><u>7th European PV Industry Summit “Towards PV competitiveness”</u> 6 September 2010 Valencia, Spain</p>	<p>This year, the 7th European PV Industry Summit will take place right at the first day of the 25th EU PVSEC/WCPEC-5. Top level speakers will discuss the conditions to ensure a sustainable development of the global PV market as well as the necessity to maintain technology leadership in Europe. The Summit will also discuss how the current political development at national and European levels will shape future technologies and markets. An official event of the Conference, the 7th European PV Industry Summit is jointly organised by EPIA and WIP.</p>	<p>400</p>	<p>PV Industry, researchers, policy makers, EU, international and national institutional representatives and related stakeholders</p>
<p><u>3rd EPIA International Thin Film Conference</u> 9 November 2010 Munich, Germany</p>	<p>For its third edition, the conference will present the state-of-the-art PV Thin Film sector and offer an excellent opportunity to network with Thin Film’s most knowledgeable experts. High-level speakers will analyse the current economic context and the future market and production scenarios for the Thin Film Industry. An analysis of future energy requirements and environmental aspects of Thin Film production will also be given by leading European Research centres.</p>	<p>300</p>	<p>Thin Film Industry, PV Industry, researchers, policy makers, EU and national institutional representatives and related stakeholders</p>

Willing to give full visibility to your company during our events?

EPIA conferences are key meeting places for the CEOs of PV companies, EU and national policy makers, analysts and investors to come together and discuss the future of our industry. Our events provide an excellent opportunity to widely promote your brand and expertise to the most relevant audience. The EPIA team is happy to help you choose the events and sponsorship option that is right for your company's communication strategy.
